

AFTER PURCHASE TIPS

Don't forget to mail in your warranty card!

Safe warranty is transferable if you re-sell your safe.

You may be eligible for a reduction in your homeowners insurance if you notify them of your new safe.

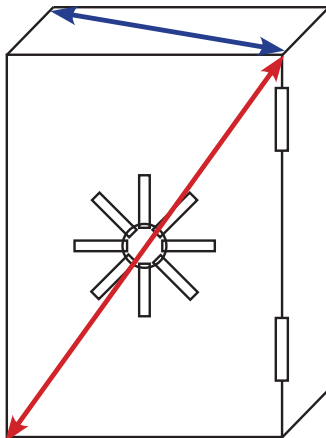

Your new safe is top heavy so we recommend you bolt it down, or leave it on the skid that it is delivered on.

Do not put your safe on bare concrete. It will draw moisture and rust your safe. Put a barrier between the safe and the ground. (Example: carpet, rubber mats or the blocks it comes on)

If you qualify for a Military/Law Enforcement discount, make sure you fill out the rebate form correctly. (Example: Agency Name = Ashland Police Dept.)

DISCLAIMERS

- Fin Feather Fur does not participate in instant rebates due to the fact that our safes are sold under manufacturer retail price.
- Our delivery team is not permitted to remove footwear while installing safes due to the physical danger involved. If you are worried about damage, we will track your carpeting or you may have it done ahead of time.
- Due to liability reason, Fin Feather Fur employees are not permitted to bolt your safe to the floor.

CUSTOMER RESPONSIBILITIES

1. Make sure your steps are strong enough to hold a safe & 2-3 men. If you are unsure, it is best to reinforce them, we reserve the right to refuse the use of unsafe stairs.
2. Clear a wide path to your safes destination. Use the provided dimensions to make sure that the path is wide enough.
3. Tie up all pets that may easily get underfoot.
4. Move all furniture, fixtures, hand rails or doors that could interfere.
5. Snow must be removed from any area in path of the safe.
6. If safe must be taken through a yard & it is soft, please reschedule.

+ An additional floor delivery service fee of \$150 is available on select models.
* Safes 1000 lbs. or more can not involve steps during delivery.

Deliveries over 50 miles will be charged a \$5.00 per-mile rate.

† Inches added to account for dolly.
